Secretaries report

Our May meeting was held at Bill Gray's. It was a business meeting. We are still looking for a location/restaurant to have our business meetings. Copies of the bylaws were passed out for review. We plan to update the bylaws later in the year as our car show is coming up and we have a few destination meetings in the upcoming months.

Our thanks to Don Vincent who has been working on our web site. Don has updated the web site with a new link for members only, password protected. The login/password will be provided to members and will be changed yearly. Currently the bylaws are on the password protected link. Please E-mail me at birdnest72@aim.com or Don Vincent at don44vincent@aol.com if you need the password. We will address again at upcoming meetings.

Art had some ideas for club business cards, this will also be a topic at future business meetings so please bring your thoughts. Car show flyers and 50/50 split tickets were provided by Joe Kubik (THANK YOU to Joe!) and passed out at the meeting. They will be available at upcoming meetings. Please contact Wendee Lorbeer if you need 50/50 split tickets.

Just a reminder for the car show – we are looking for people to work the show in set up/parking, registration, Chinese auction and judging. Rich has located a vendor for the show. As always please keep our goodie bag and Chinese auction in mind when you are out and about as we are always looking for items – (the car show is Sunday August 11th at West Herr 5535 Transit Rd Clarence).

Joe Kubik is retiring from doing our club newsletter. We want to thank Joe for his MANY MANY years of doing the newsletter. We greatly appreciate all his time and efforts on the club's behalf. He and Brandi took on the newsletter and got us up and running when snail mail went the way of E-mail. Our sincere THANKS to Joe! AND – our WELCOME and thanks to Walt Stachura who will be taking on the newsletter duties. Please E-mail any items of interest for the newsletter to Walt at wstachur@roadrunner.com

Thanks Lorrie for the secretaries report, which was also used for most of the remaining articles in this month's newsletter!

Bill to Provide for Single License Plate Introduced in New York

Legislation (A.B. 3824) has been introduced in New York to require the issuance of only a single license plate for motor vehicles. The bill, favored by state hobbyists, requires that the single registration plate be attached on the front of tractors and on the rear of all other vehicles. The bill has been referred to the Assembly Transportation Committee for consideration.

**We Urge You to Contact Members of the Transportation Committee
Immediately to Request Support for A.B. 3824**
